Dear Olga,

On behalf of Home Depot and myself, I would like to take this opportunity to thank Soltero, Muñoz & Associates, and especially you Olga, for your dependability and commitment to Home Depot.

You have turned our projections into reality, going beyond our expectations regardless of the level of complexity of our requests. Without a doubt, your outstanding leadership and achievements are acknowledged among all within the design and construction industry, as well as the general public.

Home Depot owes a great deal of our success to your diligence and proven dedication to excellence, and it's fair to say that without your strong qualifications and expertise as project manager and team leader, Home Depot's expansion in Puerto Rico would not have been possible.

Once again, it has been a rewarding experience working with Soltero, Muñoz & Associates, and we look forward to a new year of continuing our successful relationship.

Merry Christmas!

Sincerely,

A handwritten signature in black ink that reads "Kevin Workman". The signature is written in a cursive, flowing style with a long horizontal line extending to the right.
